## New Zealand

New Zealand is a modern English-speaking country of similar land area to Japan and Great Britain but with a population of only 3.7 million. It is famous throughout the world for its friendly people, pleasant climate and scenic natural beauty. Over one million tourists visit New Zealand each year.

New Zealand warmly welcomes international tourists, students, business people and new immigrants and values the opportunities these visitors create to foster international friendship and understanding.

## The Waikato region

The Waikato Region is located centrally in the upper half of the North Island. It gets its name from the Waikato river which helps to make the Waikato one of the richest agricultural and pastoral areas in the world. Waikato is the centre of New Zealand's dairy farming and horse breeding industries. Hamilton is the main city of the region.

## City of Hamilton

Hamilton is New Zealand's largest inland city. It is a well established, friendly growing city and also the business, educational, medical, shopping and entertainment centre for the Waikato Region.

The city is centrally located, being less than two hours drive from Auckland, New Zealand's largest city and international airport. Hamilton is also between one to three hours drive from several beaches, ski fields, lakes and major tourist attractions at Rotorua, Taupo and Waitomo.
